Course completion criteria

Credit

- Completion of each semester (Spanish language I, Spanish language II, Spanish language III, Spanish language IV – the order of particular credits required) according to the point pattern below
 - written assignments/tests – 50% of the points
 - self-study using the language-learning platform – 20 % of the points
 - being active in the classes and fulfilling additional assignments (presentations, quizzes, essays, etc.) – 15+15=30% of the points;
- Completion of each semester is based on the amount of collected points according to the point pattern below.
- To get a credit within the first attempt, student has to obtain the minimum of 55 points gained through tests, tasks assigned on the language-learning platform, being active and through other activities performed during the course. It is obligatory to pass both tests at the minimum of 55% - not passing even one of them results in getting a failing final mark. Student is allowed to take each test twice. The first date of each test is obligatory – unexcused absence results in getting 0 points. In case the student takes one test twice, average result will be taken into account.
- If the student does not participate in at least 6 didactic units (6x45 min.), he/she is given 2D (Dean's failing mark), which results in the necessity of repeating the subject. Such a student is not allowed to write the test at the end of the semester.
- In order to get a credit within the second attempt, student has to pass a written test covering the material of the entire semester. Student is allowed to take the test only once. Students who were active in the classroom and yet failed to get the pass but lack only a small amount of points, (not more than 5), might be asked to pass the material in a different form or might be assigned a different range of the material.
- To get a credit within the short term examination session, student has to pass a written test covering the material of the entire semester. Student is allowed to take the test only once.

FINAL EXAM

 - knowledge of grammar – 20% of the points
 - knowledge of basic vocabulary – 20% of the points
 - the ability to apply language functions – 10% of the points
 - knowledge of specialist vocabulary – 25% of the points;
- Knowledge of the specialist vocabulary is verified through a presentation on the subject related to one's chosen field of study, presented during the class in the 5th semester.
- The final exam grade is based on the calculation of the collected points obtained for its particular parts according to the point pattern below.
 - In case the student gets a failing mark in the exam, or does not take the exam (within the first attempt, the second attempt and within the short-term examination session), he/she repeats (passes again) the subject Spanish language IV and then takes the exam.
