Type of subject	obligatory
Total number of hours	30 h
Didactic cycle	2024/2025 winter
Academic semester	2
Academic year	1
Education profile	general academic
Year of implementation	2024/2025
Language of instruction	English
Teacher(s)	dr Natalia Adamezyk

Semester, number of ECTS points, type of subject, number of hours

Semester	Lecture
2	30 godz. 4 ECTS

2. General objectives

C1	The aim of the course is to gain knowledge on the armed forces and their significance for the states foreign and defence policy. Consequently, the student will learn the basic terms in this area and will have knowledge about the role of military power in international relations. They will understand its importance for the implementation of the states interest. Highlighted are forms of military cooperation in the contemporary world.
-----------	---

3. Introductory requirements

No preliminary requirements

4. Learning outcomes

W1	Knowledge: The student knows the basic concepts related to state security and power projection. Is able to describe the role and importance of the armed forces in the state security system and their use in international relations. Student has knowledge about the classification of armed forces and their evolution, and is able to characterize the forms of military cooperation between states. In addition, student can characterize the most important challenges in the area of military relations between countries, indicate the causes and effects of both cooperation and competition in the military area in the world.
U1	Skills: The student is capable of analysing the chosen examples of use of armed forces and is aware of the relations between the military power of the state and its position in international relations. Student can appreciate the significance of both bilateral and multilateral military cooperation.
K1	Social competence: The student realises the significance of armed forces for the states and international security. Students are aware of the need to constantly observe the development of military relations between states to have knowledge of the international challenges in this area.
